Got Online Teacher Resources?

**Meet Your
SED Associate to Discover
What's Available**

SDS
School Development Services

Meet Your SED Associate

For the 2006-2007 school year, WSWHE BOCES will host a series of after-school information sessions to update participants on the online teaching resources that are available through New York State Education Department (SED).

With the creation of the Virtual Learning System, more resources are available online to support Pre-K through 12 standards-based instruction.

Presented by SED associates from the Offices of Assessment and Curriculum and Instructional Support, these programs will provide participants with “first hand” information related to changes in standards, resources, curricula, and assessments in ELA, math, science, and social studies.

Designed for administrators, instructional leaders, teachers, and all others who will be impacted by these initiatives, each program will take place in a computer lab to provide a hands-on demonstration of the SED online teacher resources available.

All sessions are free and will be held from 3:30 to 5:00 p.m. at the Gick Road Conference Center, 27 Gick Road in Saratoga Springs.
