

You're Invited to an Odyssey of the Mind[®] Coaches Training Workshop

The Odyssey of the Mind wants you! Our kids need you! Odyssey of the Mind is an international creative problem-solving program for students from kindergarten through college. They work in teams and use their creativity, knowledge, and skill to develop solutions to problems that range from the technical to the performance to the classical. There's something for every student!

How can you help? Every team needs an adult coach to supervise them (but not to help them solve the problem). When you volunteer as an Odyssey of the Mind coach, you provide students with an opportunity to use their creativity in ways that they might not get to anywhere else. And it's a great way to get involved in your child's learning experience.

Come learn how you can become an
Odyssey of the Mind coach!

It's a rewarding experience for kids and adults alike!
