

SUBJECT: BOARD SELF-EVALUATION

The Board believes that periodic evaluation of its procedures will improve the Board's performance, exemplify the constructive evaluations it encourages for all school personnel and programs, and promotes a spirit of teamwork throughout the district. Regular evaluation also helps the Board set those objectives it will try to accomplish before its next evaluation. At least once a year, Board members will evaluate their own performance – and that of the Board as a whole – according to standards developed by the Board. Information gathered from the evaluation will be used each year to establish objectives for the coming year.
