

SUBJECT: EMERGENCY SITUATIONS

Working closely with emergency management officials, local law enforcement agencies, and component school districts, the BOCES administration will develop and maintain plans and procedures to cover emergency situations, natural or man made disasters. Students and staff shall be provided instruction to respond effectively in emergency situations. Securing and restricting access to a crime scene in order to preserve evidence on school property will be addressed in the Building-level safety plans.

Commissioner Regulation 155.17
