

SUBJECT: TEXTBOOKS

The Board of Education is responsible for the adoption of all textbooks to be used in BOCES classrooms. The Superintendent or designee shall establish procedures for the selection and recommendation of textbooks and a method for selecting staff members who shall serve in the selection and recommendation process. Procedures shall also be designed to review complaints about curricula or instructional materials.

The BOCES shall furnish elementary and secondary students taking courses in its programs, all textbooks required. Students shall be expected to take reasonable care of all textbooks. Destruction or damage to textbooks shall result in a student having to replace the textbook or pay a fine at current replacement cost, including acquisition costs.
