

SUBJECT: MEDIA/VIDEO/FILM PREVIEW AND PURCHASE

The BOCES shall collect and maintain an educational multimedia library for the purpose of assisting and improving instruction for those component districts which subscribed to its service.

A Media and Technology Council (consisting of representatives of participating component districts) shall be maintained to advise the library staff of purchases appropriate to instructional needs.

Purchase of recommended multimedia materials by the BOCES library solely for the purpose of making instructional materials available to participating schools and in no way shall be constructed to mandate or dictate the use of a specific item by any individual or school district.
